Congressman Dent presents \$1.2 million toward Route 422
highway project and bridge replacement

LOWER POTTS GROVE TOWNSHIP — U.S. Rep. Charlie Dent (PA-15), a member of the House Transportation and Infrastructure Committee, today presented a check for \$1.2 million toward highway work and bridge replacement on Route 422.

The project will reconstruct the heavily used highway and replace several small bridges including one over the Schuylkill River, on US 422 between the Berks County Line and the Schuylkill River in Montgomery and Chester Counties.

The money comes from the federal Safe, Accountable, Flexible and Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), which will bring more than \$56.1 million toward needed infrastructure and transportation projects in the 15th District. Congressman Dent consulted with local and state officials on their most pressing highway needs.

“This highway project, when completed, will enhance the traffic flow and safety for commuters in the greater Pottstown area,” Congressman Dent said.

The Congressman presented the check to officials of Lower Pottsgrove Township, state Rep. Tom Quigley and state Sen. John Rafferty.
